**FIRE DEPARTMENT**

**Report from Byron Fire Department and First Responders**

**TOWN ROAD REPORT**

**TOWNSHIP WEBSITE [www.salemmn.org](http://www.salemmn.org)**

**PROPOSED 2018 LEVY (See spreadsheet for levy proposal)**

**CHLORIDE PROPOSAL FOR 2017**

**As in the past the board would like to subsidize a portion of the first 300 feet of chloride that is applied on township roads for residents. Cost for anything over the first three hundred feet will be paid at 100% by the resident. We cannot at this time set the cost for that application. Once the board is informed of the cost we will send out postcards and publish the cost in the Byron Review.**

**The Salem Town Board voted to discontinue providing chloride for private driveways. There are private contractors that can do this work for residents.**

**All residents should be aware that road grading through the summer will be done on an as needed basis regardless of whether chloride has been applied.**

**GOPHER BOUNTY**

**\$2.50 for pocket gophers and \$3.00 for streaky gophers**

**BEAVER BOUNTY**

**\$20.00 for beaver**

**PLANNING AND ZONING AND BOARD OF ADJUSTMENT**

**Applications are available on the Salem web site if you are interested in serving on either board.**

**OTHER BUSINESS**

**ADJOURN**
